

Experts in Weather

WeatherNet provides legal weather reports, expert analysis and interpretation to the legal profession and all those involved in criminal or civil litigation. Our comprehensive archive of UK weather data, unrivalled meteorological knowledge and experience, ensures that our evidence is robust, authoritative and accurate.

WeatherNet legal weather reports, certified witness statements and expert witness convey information in an understandable way and in a format that complies with civil and criminal court requirements.

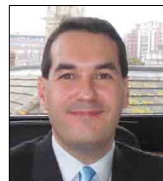

Pre-formatted legal weather reports for reference only are available from **£50+VAT**

Custom legal weather reports and certified witness statements for use in court cost from **£150+VAT**

Forensic meteorologist available for providing testimony in court anywhere in the UK

Since 1995 we have prepared in excess of 1200 legal weather reports on cases of:

- Personal Injury Claims (Falling, Tripping and Slipping Accidents)
- Road Traffic Accidents (RTAs)
- Domestic and Commercial Insurance Claims
- Travel and Transit
- Civil Engineering and Construction Disputes
- Contract Disputes
- Criminal Offences (GBH, Rape, Murder and Burglary)
- Flooding and Drainage Claims
- Aviation and Marine Incidents
- Pollution and Contamination
- Lighting, Visibility and Sunset/Sunrise Times
- Industrial and Agricultural Incidents
- Sports and Leisure Injuries
